Selectmen's Rep in attendance: none

Alternates in attendance: Reid Bunker, Randall Davis, and Mark Glowacky

Meeting convened at 8:20 PM following the presentation "Challenges Facing Great Bay" by Jeff Barnum. The meeting was held at the Library.

Wofchuck provided an Open Space update. The commission and the SELTNH have been working on a conservation easement. There is a delay in the probate and the owners are concerned about planning board issues. The SELTNH recommended that the commission submit a letter to the Planning Board detailing the pending conservation easement and that the landowners are working with the commission. Following discussion Cowie moved to have Wofchuck prepare letter to the Planning Board. Schmalzer seconded and the motion passed.

Wofchuck presented a reminder that the next June meeting will include a Public Hearing for the funding of phase 2 of the easement project by SELTNH.

Gilbert presented an update on the Land Management Plans. Jeff Littleton of Moosewood Ecological, LLC. stated that he is on track and will be completing additional site visits shortly.

Cowie moves the May minutes and Kaufman seconds. The minutes were modified to correct spelling and provide missing name. The minutes passed as modified.

At 8:27 PM Gilbert moved to adjourn, Cowie seconded and the motion carried.

Respectfully submitted by Heather Dudley-Tatman
